Comment**

Date 7/26/99

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

The San Francisco Bay-Delta is in jeopardy  
due to past practices of building dams and  
reservoirs. I am encouraging you to increase  
water flows to the Bay Delta and implement  
more aggressive water conservation practices  
before building more dams and expanding  
existing reservoirs. The Bay-Delta ecosystem  
needs to be protected, not destroyed.
